

AUTHOR GUIDELINES

The Journal of the Dental Chamber of Kosova (JDK) is published twice a year.

Manuscripts should be submitted electronically to: revista@osk-ks.org

Categories of Manuscripts

The Journal accepts the following categories of manuscripts:

- Original scientific research articles
- Review articles
- Case reports
- Professional reviews

The Journal also welcomes informative contributions on specific issues of general interest in the field of dentistry, such as short communications, summaries from scientific conferences, editorial reviews, and similar professional submissions.

Manuscript Preparation

The author and co-authors must confirm, by signing the appropriate authorship form, that the submitted manuscript is original and has not been published in any other journal.

The manuscript should be written in Albanian, using Times New Roman, font size 12.

The manuscript should not exceed six (6) pages, including the main text, tables prepared in Word, and photographs submitted in JPEG format.

Scientific and professional manuscripts should include the following sections: cover letter, abstract, introduction, materials and methods, results, discussion, conclusions, and references. Other categories of submissions may be formatted differently, depending on their content and purpose.

Cover Letter

The cover letter should include the title of the manuscript, the names of the authors, their qualifications, public or private institutional affiliations, and the e-mail address of the corresponding author.

If the authors are affiliated with different institutions, footnotes marked with Arabic numerals should be used to indicate the respective affiliations.

Abstract

The abstract should include the aim, methodology, results, and conclusions of the study. It should be written in the third person singular and should not exceed 250 words.

Introduction

The introduction should provide a brief and clear presentation of the problem addressed in the manuscript and should clearly state the aim of the study.

Materials and Methods

This section should describe the procedures applied and the materials used. If the manuscript is based on research, the statistical methods applied for the analysis of the results should also be described.

Results

The results should be presented clearly and accurately.

Tables

Tables should be submitted separately in MS Word format.

Graphs

Graphs should be submitted separately in MS Excel format.

Photographs

Photographs should be submitted in JPEG or TIF format, with minimum dimensions of 15 cm × 10 cm and a resolution of 300 DPI.

Discussion

The discussion should include the interpretation of the results and their comparison with previously published data from the relevant literature.

Conclusions

The conclusions should present the main findings derived from the manuscript.

References

References should be listed at the end of the manuscript. All references cited in the text should be numbered using Arabic numerals in superscript and should appear in the same order in the reference list, according to the Vancouver referencing style.

Examples of reference formatting are provided below:

Ethical Guidelines

All manuscripts must comply with the principles of the Declaration of Helsinki of the World Medical Association.

In the presentation of clinical cases, the names or initials of patients must not be disclosed, and full facial images of patients must not be published unless appropriate consent has been obtained and ethical requirements are fulfilled.

With regard to plagiarism, all submitted manuscripts will be reviewed in accordance with ethical publication standards.

Acknowledgements and Potential Conflicts of Interest

All sources of funding, whether private, public, or commercial, related to the submitted work must be disclosed.

Any potential conflicts of interest of the author or authors must also be declared at the end of the manuscript. This includes informal agreements with economic operators, consultancy contracts, sponsored lectures delivered on behalf of manufacturers or distributors, or any other relationship that may be perceived as a potential conflict of interest.

After publication, the intellectual property rights over the article shall remain with the publisher, the Dental Chamber of Kosovo, for an indefinite period.
